The primary responsibility of the Melrose Conservation Commission is to promote and protect natural and watershed resources under the MA Wetlands Protection Act M.G.L. Ch. 131 sec. 40. The Commission also aims to preserve and develop passive recreation areas within the community that provide opportunities to enjoy the natural environment.

The Conservation Commission coordinates a Trail Stewardship Program with resident volunteers to promote the active monitoring and maintenance of Melrose trails. The goal of this program is to identify areas where better trail marking/blazing is necessary, create a more accurate trail map, maintain trail signage, and promote better trail networks.
